To: All Medicaid Providers

EDS invites you to attend upcoming provider educational workshops. The workshops will introduce you to interChange, the new Medicaid claims processing system, which will be implemented on February 23, 2008. The interChange claims processing system will bring some changes to the way you are currently submitting claims to Medicaid.

Several workshops will be offered in different locations across the state during the months of January and February, 2008. We are asking a limit of three attendees from each office attend, so we may accommodate all providers.

The workshops will provide information about the changes to billing necessary for National Provider Identifier (NPI), new interactive web portal, new claim form requirements and Provider Electronic Solutions upgrade. This workshop is vital to learn about new tools and changes for NPI claims processing.

You may register for a workshop at the following Medicaid website:
http://www.medicaid.alabama.gov/billing/ichange_provider_workshops.aspx
You may also fax enclosed RSVP to (334) 215-4140 or e-mail your request to:
workshops@alxix.slg.eds.com.

Should you have any questions or concerns, please contact our Provider Assistance Center at (800) 688-7989.

We look forward to seeing you there!
